

Environmental & Quality Advisor

Due to expansion PSP are seeking a suitably qualified Environmental & Quality Advisor (emphasis on the Environmental) with relevant industry experience in rail of a minimum of 3 years.

This position report to the Head of Safety & Assurance and is resident at our Head Office in Crewe. The role will assist with all aspects of Environmental and Quality.

Minimum Qualifications/Experience:-

- IEMA Practitioner
- Internal / External Auditor (ISO9001:2015 / ISO14001:2015).
- Minimum 3 years industry experience in rail environment.
- Knowledge of producing Rail Environmental & Social Responsibility Plans.
- Knowledge of relevant legislation.
- Ability to work alone and on own initiative.

Main Duties will include:-

- Support the management of all environmental and quality assurance systems and processes including:-
 - Principal Contractor's Licence.
 - ISO 9001:2015 & ISO 14001.
 - RISQS Accreditation.
 - Project hand back advice to Project Management Team, as required.
 - Review of relevant Company Policies, Procedures and Document Control.
- Ensure activities comply with PSP Environmental & Quality Policies, conform to contractual obligations and meet statutory Environmental & Quality Regulations – (Y01-AA-REG-0014 – Legislative Acts & Statutory Instruments Compliance Obligations Register).
- Attendance and participation with Client lead environmental / quality forums.
- Maintain the Company Sustainability Action Plan and implement new innovations and ideas on the environment, quality and sustainability.
- Chair monthly HSEQ Meetings in the absence of the Head of Safety & Assurance – produce and circulate meeting minutes.
- Support with the Company Environmental & Quality Objectives and Targets.
- Support and review the assurance at Orion Park for assets and material management, environmental and quality.
- Support the Head of Safety & Assurance.
